The 1960 Mac

Volume XIII

from

McGraw Central School
McGraw, New York

Dedication

This is the first time that the yearbook staff has dedicated the *Mac* to a teacher in the elementary grades. We started school under the guidance of Mrs. Mildred Rowe who has taught kindergarten for fifteen years in our school. She gave us our first impression of school—a pleasant one due to her unlimited patience and understanding of children. Her kind smile exemplifies her unspoken qualities. We are truly very happy to dedicate the 1960 *Mac* to you, Mrs. Rowe, and we sincerely hope that you will enjoy it.

Board of Education

Centralization of McGraw Schools occurred ten years ago this June. Gross enrollment during the first year was 665 and this year the gross enrollment is about 750. The increase has been gradual and seems to have leveled off in the past few years. The increase has been due to an increased birthrate rather than an increased number of residences built in the area.

The question "Is our school large enough?" is often asked. "How soon will we need more room?" If the increase in enrollment is as gradual in the future as it has been in the last ten years and the school remains open at Blodgett Mills, it will be some time before we will need to expand.

When that time does come, it should be a relatively easy matter since the problem will be merely adding class rooms to the present building. The auditorium, gymnasium, homemaking room, shop and cafeteria are large enough to handle many more students. For example, instead of having assemblies for all students at one time, the assembly programs would be saparate for the elementary and secondary students. The gymnasium could be used with the dividing doors at all times except for varsity practice. The cafeteria is large enough for a much greater number of students because we converted the former combination gymnasium-auditorium into a cafeteria all-purpose room and thus had the large room with which to begin.

When the time does come to expand the building, there are logical means to be considered. A celing can be placed in the cafeteria at normal first level height and the new room above it divided in two rooms to house a larger library and the other a larger study hall so that the present library and study hall could be used for class rooms. Since this would entail no outside structure such as roof or masonry walls, the cost should be reasonable.

When additional elementary classrooms are needed, they could be readily added on the west side of the old building with the halls being extended from the old building with a new section of six or eight classrooms.

This article has not been written to make you think we are contemplating a building program in the near future. We are simply letting you know that when the time does come there has been some thinking and planning going on and to give you a better insight into some of the possibilities.

This year our Student Council, in addition to its usual projects, joined the New York State Association of Student Councils. Six of our representatives attended the fall meeting of this organization held at Broome Technical College. Those who attended gained many ideas which will be of help to our own Student Council.

The Student Council has in mind other projects which it hopes to carry out.

Here it seems that David Crisfield, Gail Clor, Don Torrey and Jerry Wildman are greeting a newcomer to the Junior Class, Charles Eamer, with a friendly "Hi." Gail herself is a newcomer also, so we say welcome to both of you.

This is a typical scene that highlights the activities of the Juniors for the year—an event to which all high-school students look forward. This is a picture of last year's crowning with Judy Freer and Charlie Card reigning as the Queen and King, respectively, for the night.

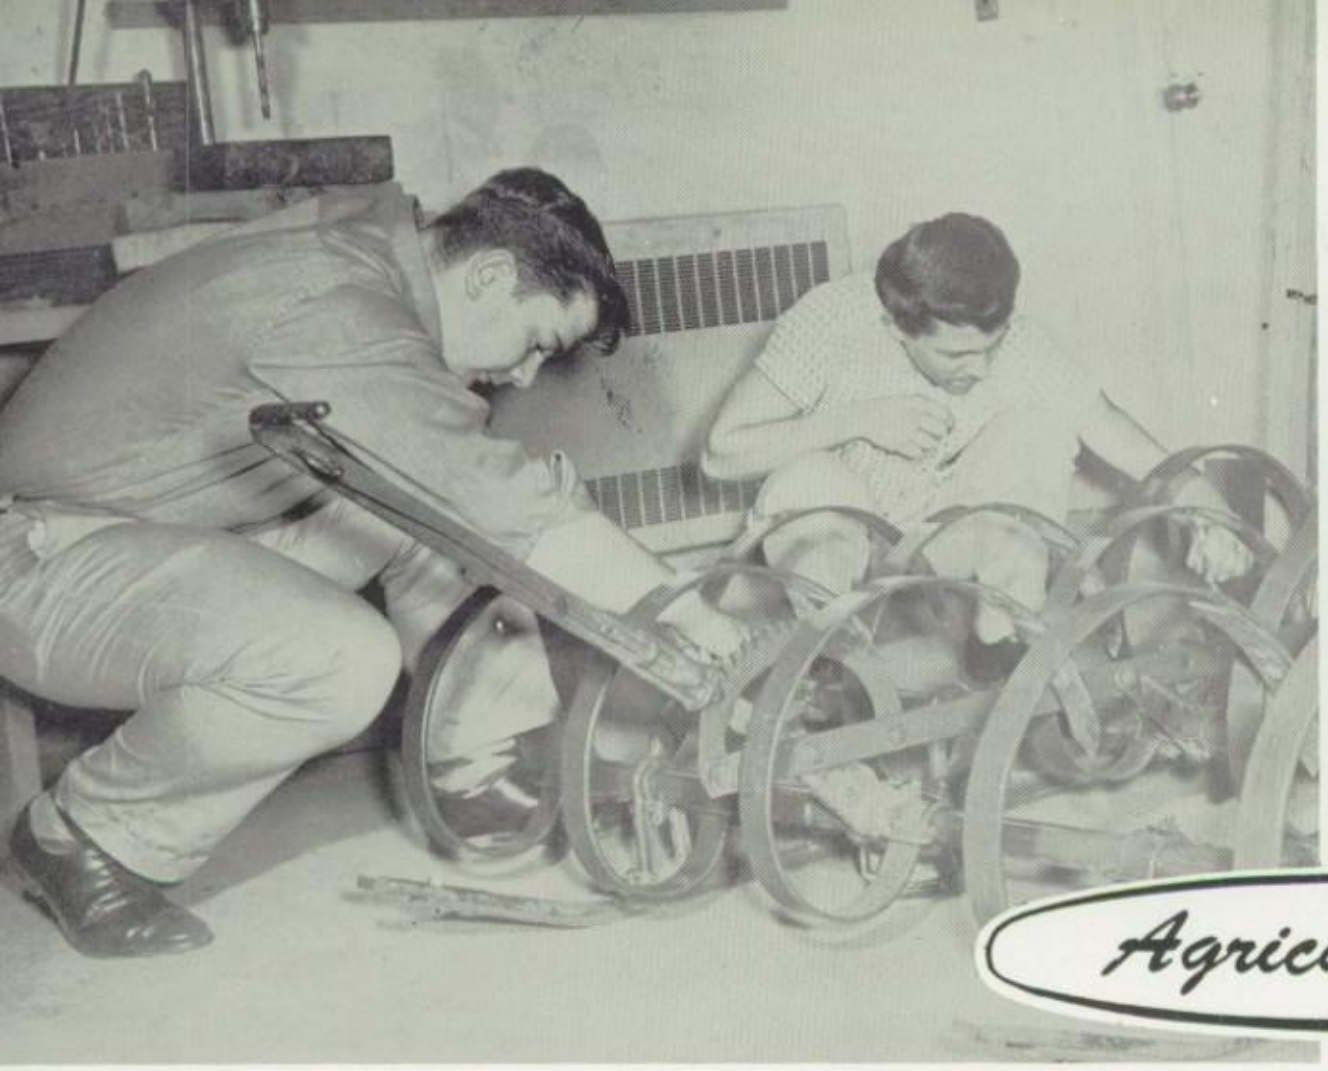
Library Club

The Seventh and Eighth Grade Library Club is a working club that does various and sundry tasks which are a part of library routine. These services are a benefit to the whole school because the librarian can prepare new books which will then be available to read more quickly.



Agriculture

Gary Ripley and Sheldon Sharpe are working diligently with their paint brushes trying to give the old drag a "new look." How about it boys, working hard?

Bob Atkins is building a feed cart in Agriculture II. Bob is measuring and marking for drilling while Gene Russell is standing by ready to assist him. The cart is to be used in Atkins' new dairy barn.

Homemaking

Ann Phelps is pinning a facing on the top of a jumper which she is making for her sister. This is one of the projects the Homemaking IV girls are completing in their unit of clothes construction.

Left to right: Beverly Potter, Sylvia Howe, Linda Eaton, and Mary Leonard. These 7th grade girls are learning the proper way to press a skirt.

Alma Mater

When the first red beams of sunrise
Dawns the eastern sky,
Stands our noble Alma Mater,
'Neath the hilltops high.
Lift the chorus; speed it onward:
Loud our Praises call.
Hail to thee, our Alma Mater.
Hail, O Hail, McGraw.

All Stars

McGraw is a Winner

Coach Niefert and the two co-captains, Gene Barker (left), and Frank Diaz (right), are shown as they are about to place a newly acquired trophy in the school trophy case.

The trophy was won by the McGraw varsity basketball team at the annual Holiday Tournament held at St. Mary's. McGraw defeated Marathon in the first round of the tourney, and then capped the trophy by defeating St. Mary's in the final round.

Best of luck to
a fine person.
Never forget the fun
we've had ice skating
I certainly hope there is
be more skating next year.
Have fun but be good.
